

PUBLIC MEETING

The city of Lyons hereby gives notice that a public meeting will be held to discuss a wastewater improvement project funded by Georgia's Clean Water State Revolving Fund (CWSRF) on November 9, 2016 at 10:00 A.M. in the Lyons City Hall at 161 NE Broad Street, Lyons, GA 30436.

This proposed project includes the upgrade and expansion of the Lyons North Wastewater Treatment Plant (WWTP) from a 0.670 mgd (million gallons per day) extended aeration facility to a 1.5 mgd biological nutrient removal facility. The City will apply to Georgia EPD for an increase in the permitted discharge to Swift Creek.

The purposes of the public meeting are to:

- 1) Inform the public of the need for improvements to the City's wastewater system.
- 2) To comply with Section 391-3-6-.02 of Georgia's Water Quality Control Rules (and amendments thereto).
- 3) To encourage public involvement in the development of a plan to improve the wastewater system.

During the public meeting the City will attempt to identify public preferences for alternative methods of improving the City's wastewater facilities. These alternative will be evaluated and included in the Georgia SRF Planning Document and Environmental Information Document, the major planning document covering the wastewater system. These documents are available for public inspection through the date of the public meeting at Lyons City Hall, 161 NE Broad Street, Lyons, GA 30436 during normal business hours.

Your participation is encouraged and considered essential to the selection and development of the final plan to be adopted prior to its approval by the State of Georgia, Department of Natural Resources.

For additional information, contact Jason Hall, City Manager at (912) 526-3626.
